

**VILLAGE OF CRAINVILLE**

**WATER DEPARTMENT**

**CUSTOMER SERVICE LINE MATERIAL SURVEY**

To comply with Section 17 12(g) of the Lead Service Line Replacement and Nitrification Act, the Village of Crainville is required to identify and report the materials of construction of each service line connected to the community water supply's distribution system. Please complete this survey. Your cooperation is important and very much appreciated. If you have any questions, you can call Ryan at 618-925-1313. Please return this survey within 14 days. Surveys can be dropped off at the water office or placed into the drop box in front of Village Hall. Thank you very much!
